

# Sign up sheet: Keep me informed about the fight back against the Trans-Pacific Partnership.

People's Voice newspaper is actively fighting, from coast to coast, to stop the Trans Pacific Partnership. We need your help! Sign up if you are interested in actions like: calling and demand your Member of Parliament vote no; writing a Letter to the Editor, calling into talk radio shows, and using social media to speak out; circulating the stop TPP petition among your friends and co-workers; urging your union or community group to pass a resolution against the TPP; educating the public and mobilizing; helping organize local, broad-based anti-TPP committees; and other forms of visible public resistance -- protests, pickets, street theatre, occupations of MPs offices, and mass action.
